

Dear QAS Supporters:

The shelter is closed due to the Covid-19 Pandemic. We want you to know that our animals are safe and are being cared for in loving foster homes and by our dedicated volunteer staff. We have temporarily suspended on site adoptions until it is safe to open the shelter to the public.

Our ability to accept new animals into the shelter is limited and will be done on a case by case basis. If you are in need of QAS services, please call us at 617 376 1349 and we will get back to you as soon as we can.

We want to thank each of you who have made a donation to us during this critical time; your support means so much!

Many of you have asked how you can help. Right now the greatest need we have is paying for food and medical expenses. We are faced with paying our usual bills without the benefit of adoption and fundraising income. Please consider making a direct donation to the Mickey Medical Fund. This fund is critical to our operation as it allows us to provide life changing above and beyond medical care for animals in the greatest need.

We are preparing for kitten season; please check out our wish list on our Amazon.com to see how you can help or visit Chewy.com.

We hope to return to the work that we love so much soon. We are preparing for a wave of surrenders as pet owners struggle to make difficult choices as a result of lost wages, etc. due to this pandemic.

Should that become necessary, please reach out. We can assure you your animal will receive vast amounts of love and care until we can find them a new home.

On behalf of the QAS Board of Directors, our Volunteers and of course our animals; thank you for your support. Please stay safe and we will see you soon!

Kit Burke, Shelter Director  
Sandra Sines, President
